

## Mid Atlantic Chapter Unit Leadership

If there is no existing Unit in your area, we will help you start a new Unit. Are there three or four other chapter members in your area who would want to be part of a Unit? If you don't know the chapter members in your area, we can help you locate potential members.

Unit Membership is open to all chapter members and they are able to attend any Unit Meeting; however meeting locations are liable to change. Please contact the Unit Leader for more information.
